How to Become More Professional in Your Art Practice

with Chris W. Carson

Executive Director of Visual Arts Alberta ~ CARFAC

6:30
to
8 pm

Thursday, September 21st

Once a certain plateau in an art career is reached, we ask what's next —where do we go from here? Chris W. Carson will discuss how to price artwork, where to exhibit artwork, where to look for opportunities, when artists should get paid and what to expect from an art career. CARFAC will be discussed along with how it helps emerging and professional artists become more professional in their chosen career.
